Phone number of driver _____ Make, model, year of auto _____

Name of Insurance Carrier _____

Parent/Legal Guardian Printed Name _____ Phone number _____

Parent/Legal Guardian Signature _____ Date _____

Bus transportation to and from most weekday contests is normally provided. Exceptions to this policy include specific sport activities (e.g. individual county or state tournament competition; swimming, golf and ice hockey practices). **Weekend, Vacation periods and Holiday bus transportation is not usually provided. Parents are expected to drive to most weekend, vacation period and holiday events.** Typically, athletes must ride the bus provided for all away contests unless prior authorization has been obtained by the Athletic Director or another member of the administration. However, to help make things easier and more efficient for families, parents may sign out with the coach at the event, as long as the parent is driving and they communicate directly with the coach.

A parent’s written request for their child to be transported by another student’s parent must also be accompanied by a written acknowledgement from the other child’s parent (the driver). Senior students are allowed to drive themselves to events, but this form is required. These types of requests should be done in writing and **at least 24 hours in advance**.

Under no circumstances will a student, including those 18 years of age or older be permitted to transport other student-athletes to away athletic contests or be transported by another student athlete.

Due to COVID-19 possible passenger limitations and bus and/or driver availability issue, we may need some parents to provide transportation of our teams to some WEEKDAY away contests.

This document releases the Northern Highlands Regional High School District from any and all liability which may occur as result of your child not traveling on district provided transportation to and from the event. Thus, I hereby release the Northern Highlands Regional High School District and its employees and officers from any and all liability with reference to the above stated transportation arrangements.
