

9210.1 COMMUNITY ORGANIZATION

The Board of Education appreciates the efforts of concerned citizens who form or belong to clubs which contribute funds or equipment for district-approved pupil extracurricular activities, or for recognition of pupil achievement.

The Superintendent or designee shall formulate a procedure for review of the proposed use of such funds. Proposed equipment must be approved for safety in the same manner in which district-purchased equipment is reviewed.

Any such club activity involving pupils and/or school facilities shall require Board approval. All financial arrangements for such groups shall be handled according to their own charter, and not mingled in any manner with school funds.
